Engagement

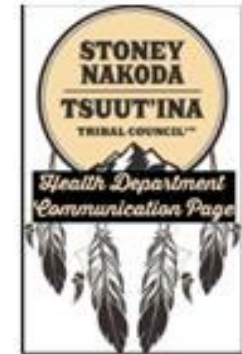

February Meeting Objectives

- 1.To enhance relationships between AHS, the research team, and First Nations partners.
- 2.To collaboratively discuss and better understand First Nations members' ED experiences and the questions First Nations members have about ED care.

Funded by Campus Alberta, Maskwacis Health Services, AFNIGC, and Alberta Health Services

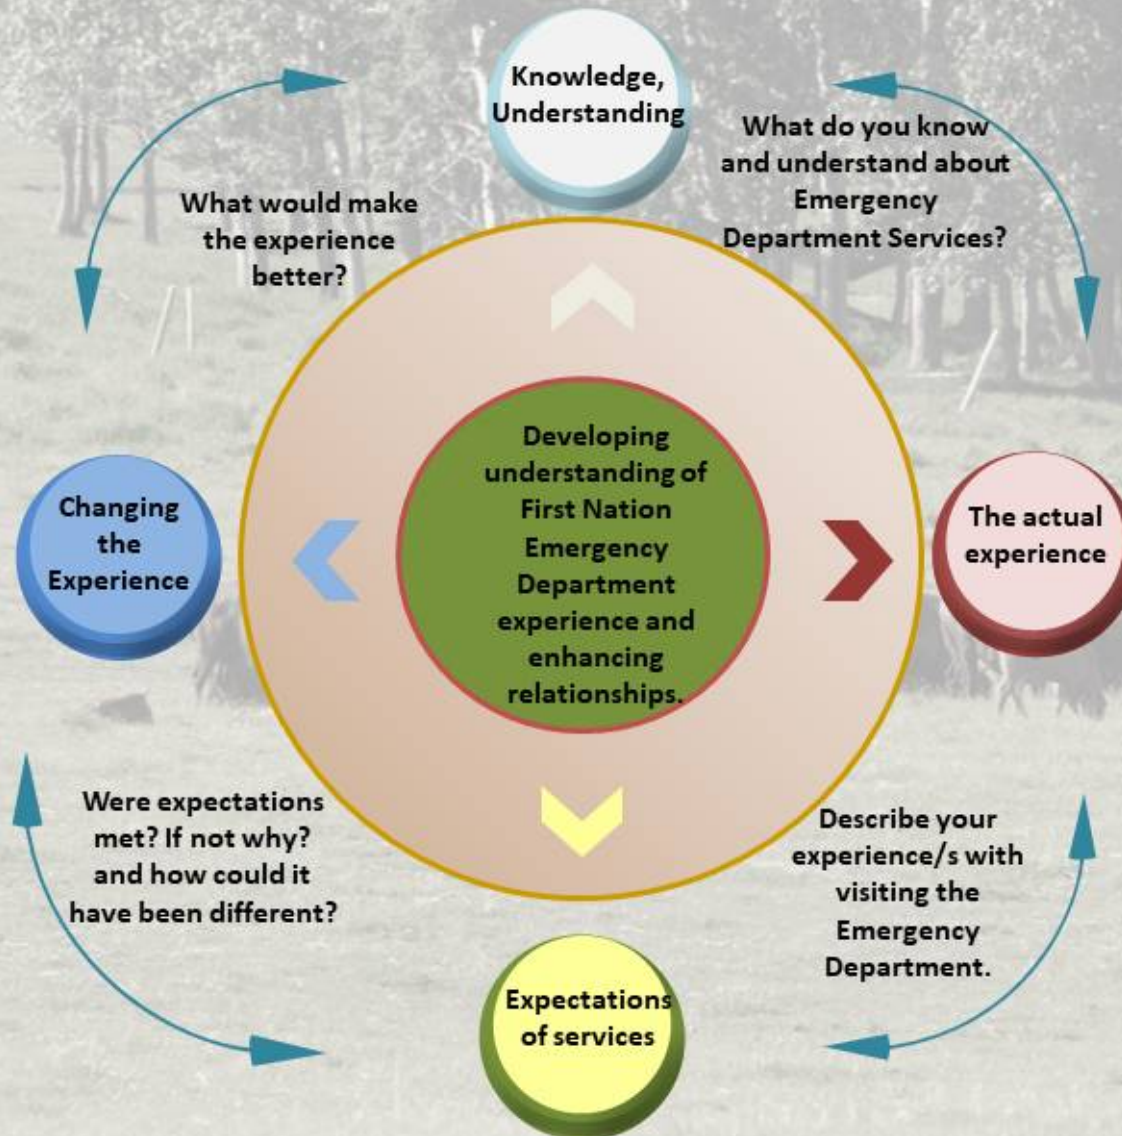

Attendees

The Alberta First Nations
Information Governance Centre

Emergency Department Experience Talking Circle

OCAP® Compliance

AFNIGC is research data custodian.
Communities own data.
Elders will co-author project results.

3 year Funded Research Project

Co-led by Bonnie Healy and Patrick McLane

Exploring

- Health Services Data for First Nations and Non-First Nations Emergency Department Visits
- Experiences of seeking and receiving care, racism and reconciliation, and healing, from First Nation patient and clinician perspectives.
- First Nations definitions of quality of care in the Emergency Department.

thank you!
