

# Campus Alberta Health Outcomes and Public Health Annual Provincial Forum

JUNE 10  
2019

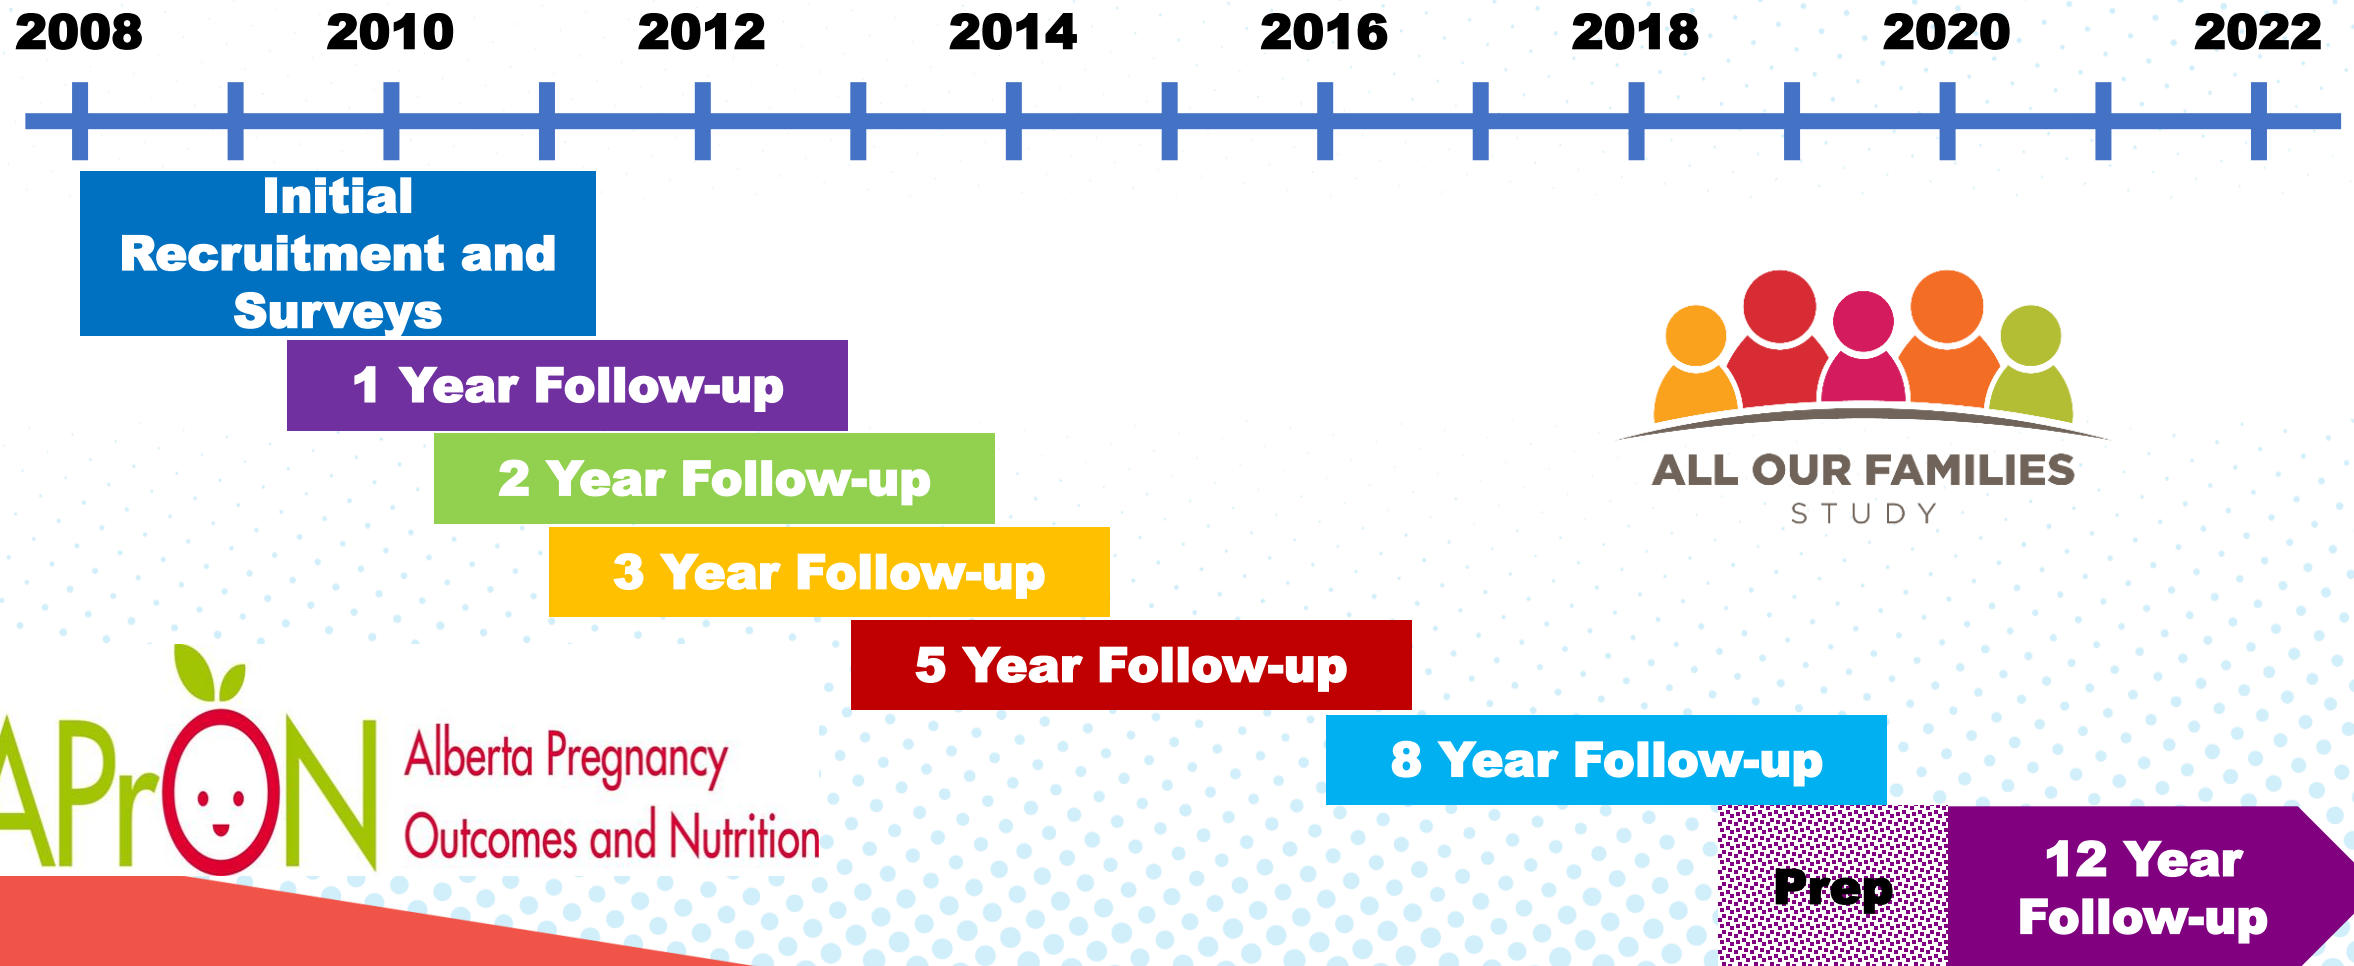

**BETTER HEALTH OUTCOMES THROUGH  
ACTION ON THE SOCIAL DETERMINANTS**

## Let's Talk 12!

Informing priorities for health research with 12-year old adolescents  
and their families

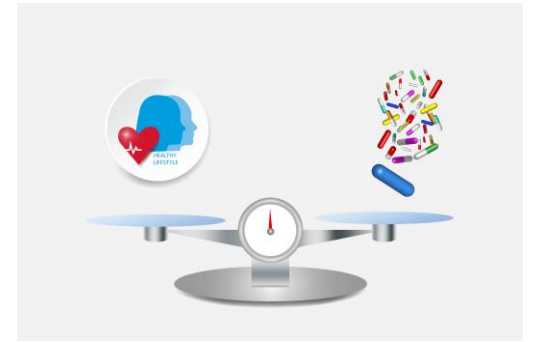

Erin Hetherington, Natalie Scime, Anna MacKinnon, Sheila  
McDonald, Suzanne Tough

# All Our Families & APrON

Consult key stakeholders

Identify priorities

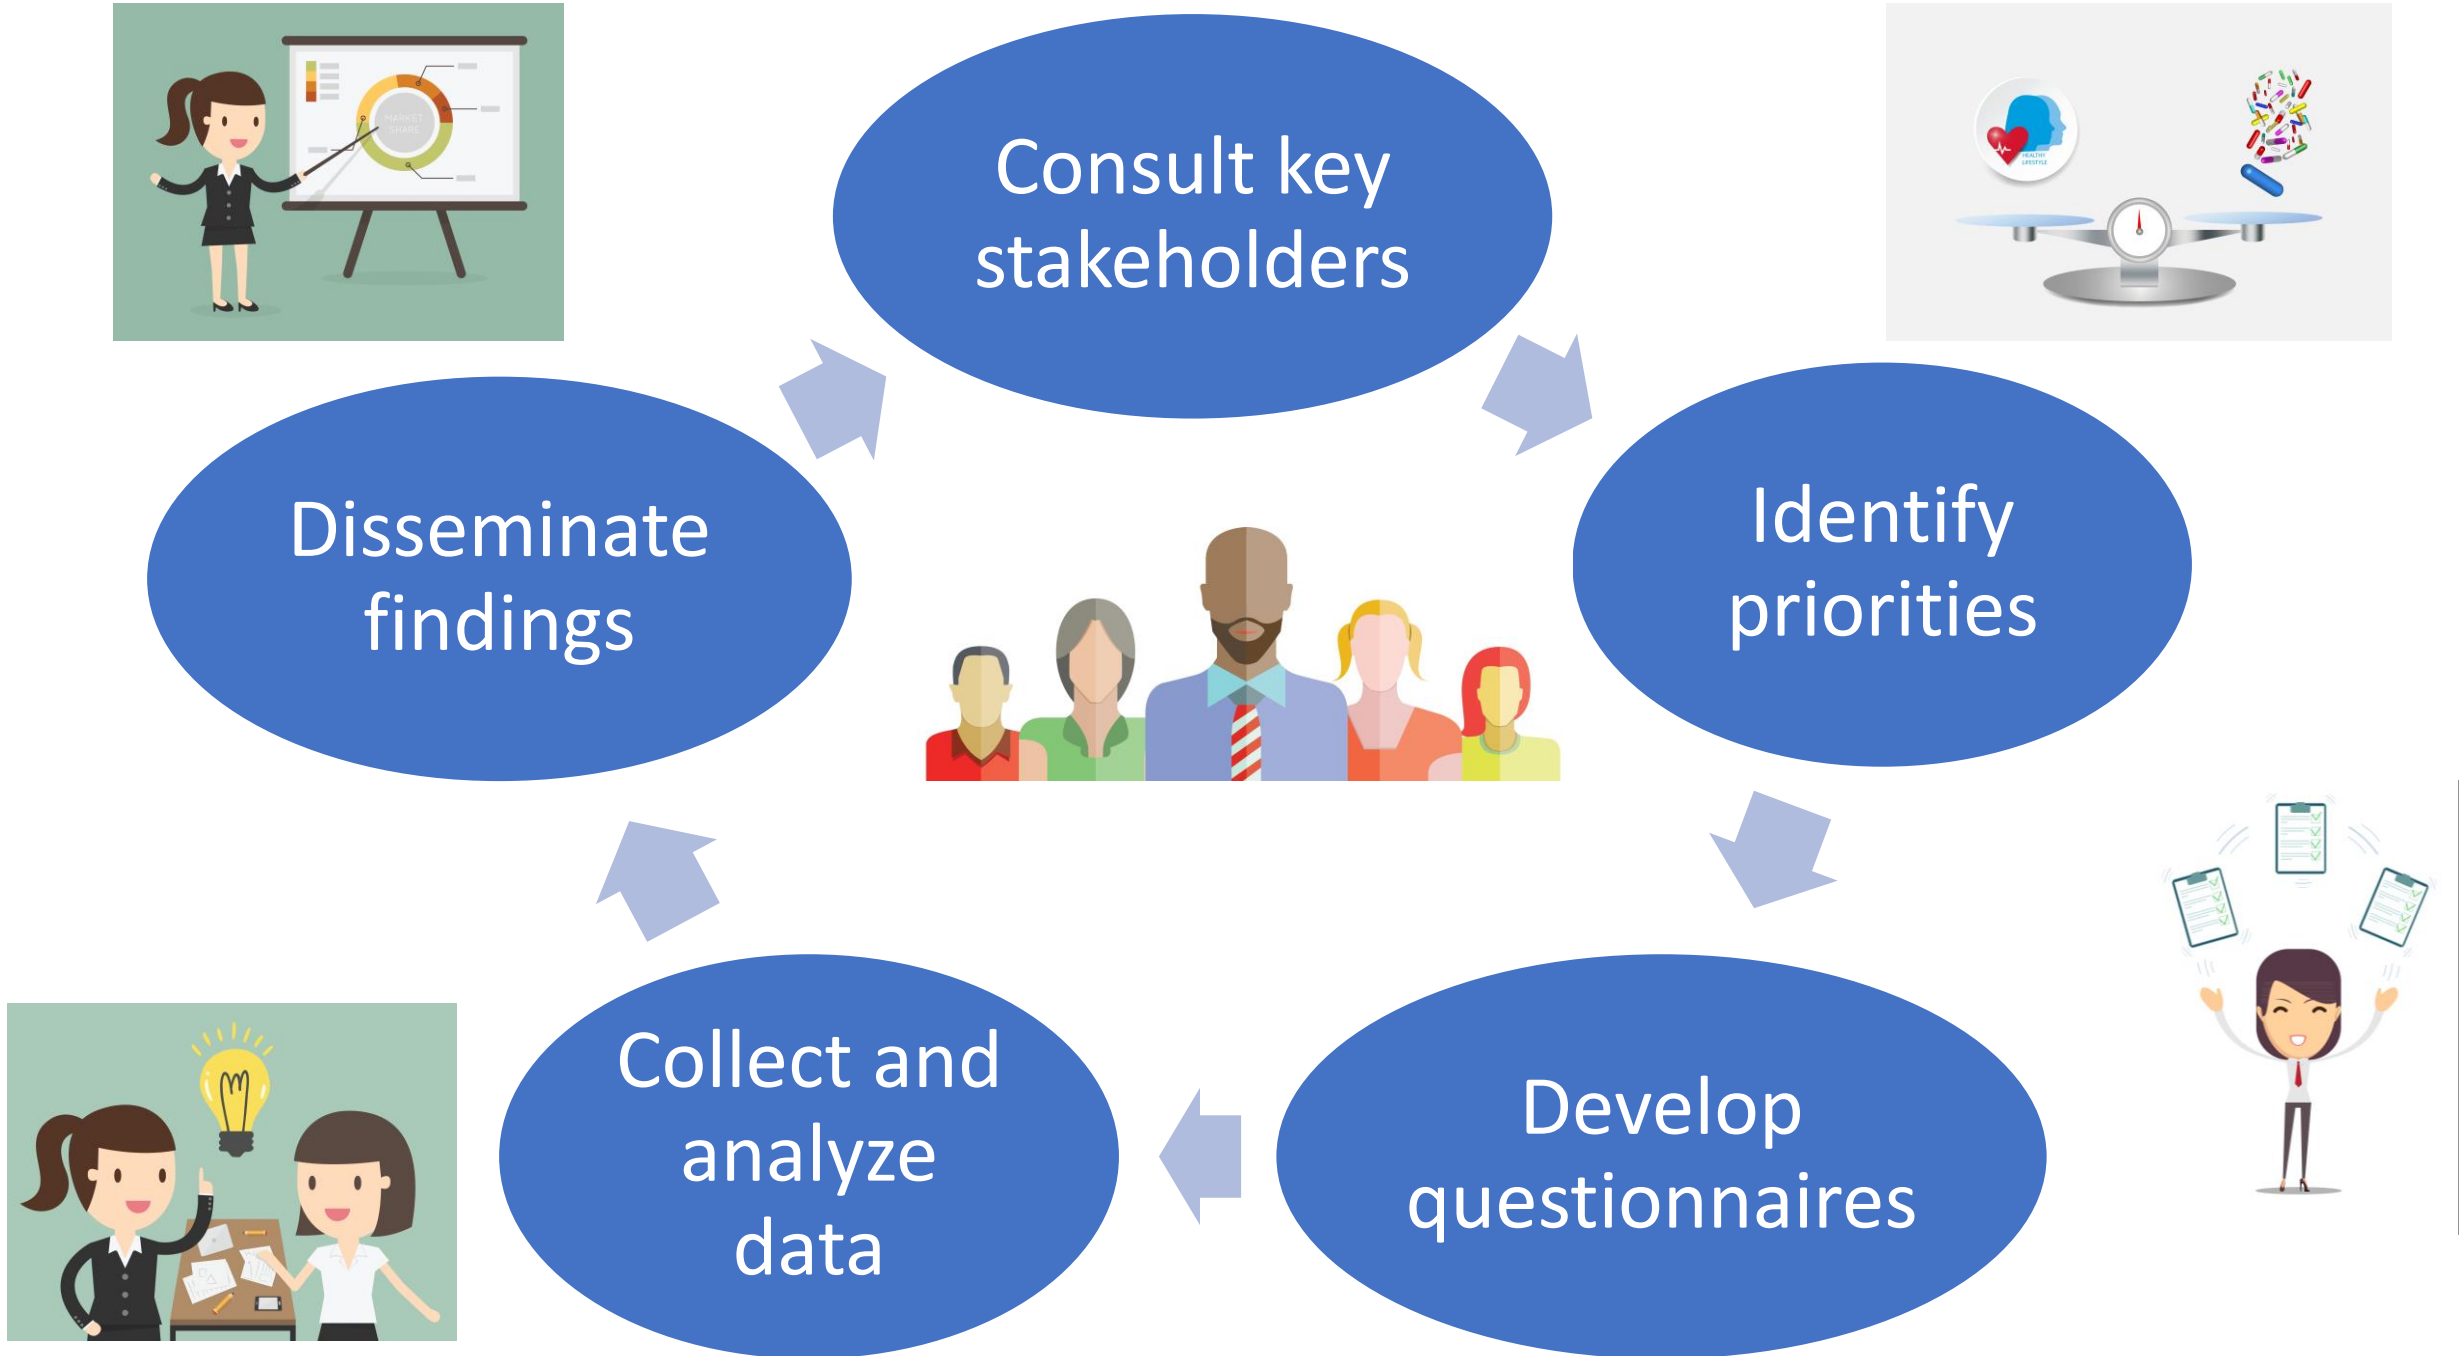

Disseminate findings

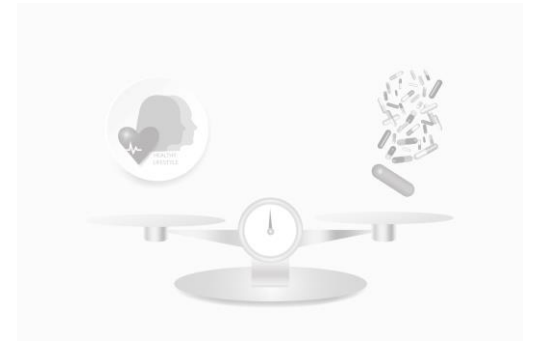

Develop questionnaires

Collect and analyze data

Consult key stakeholders

Disseminate findings

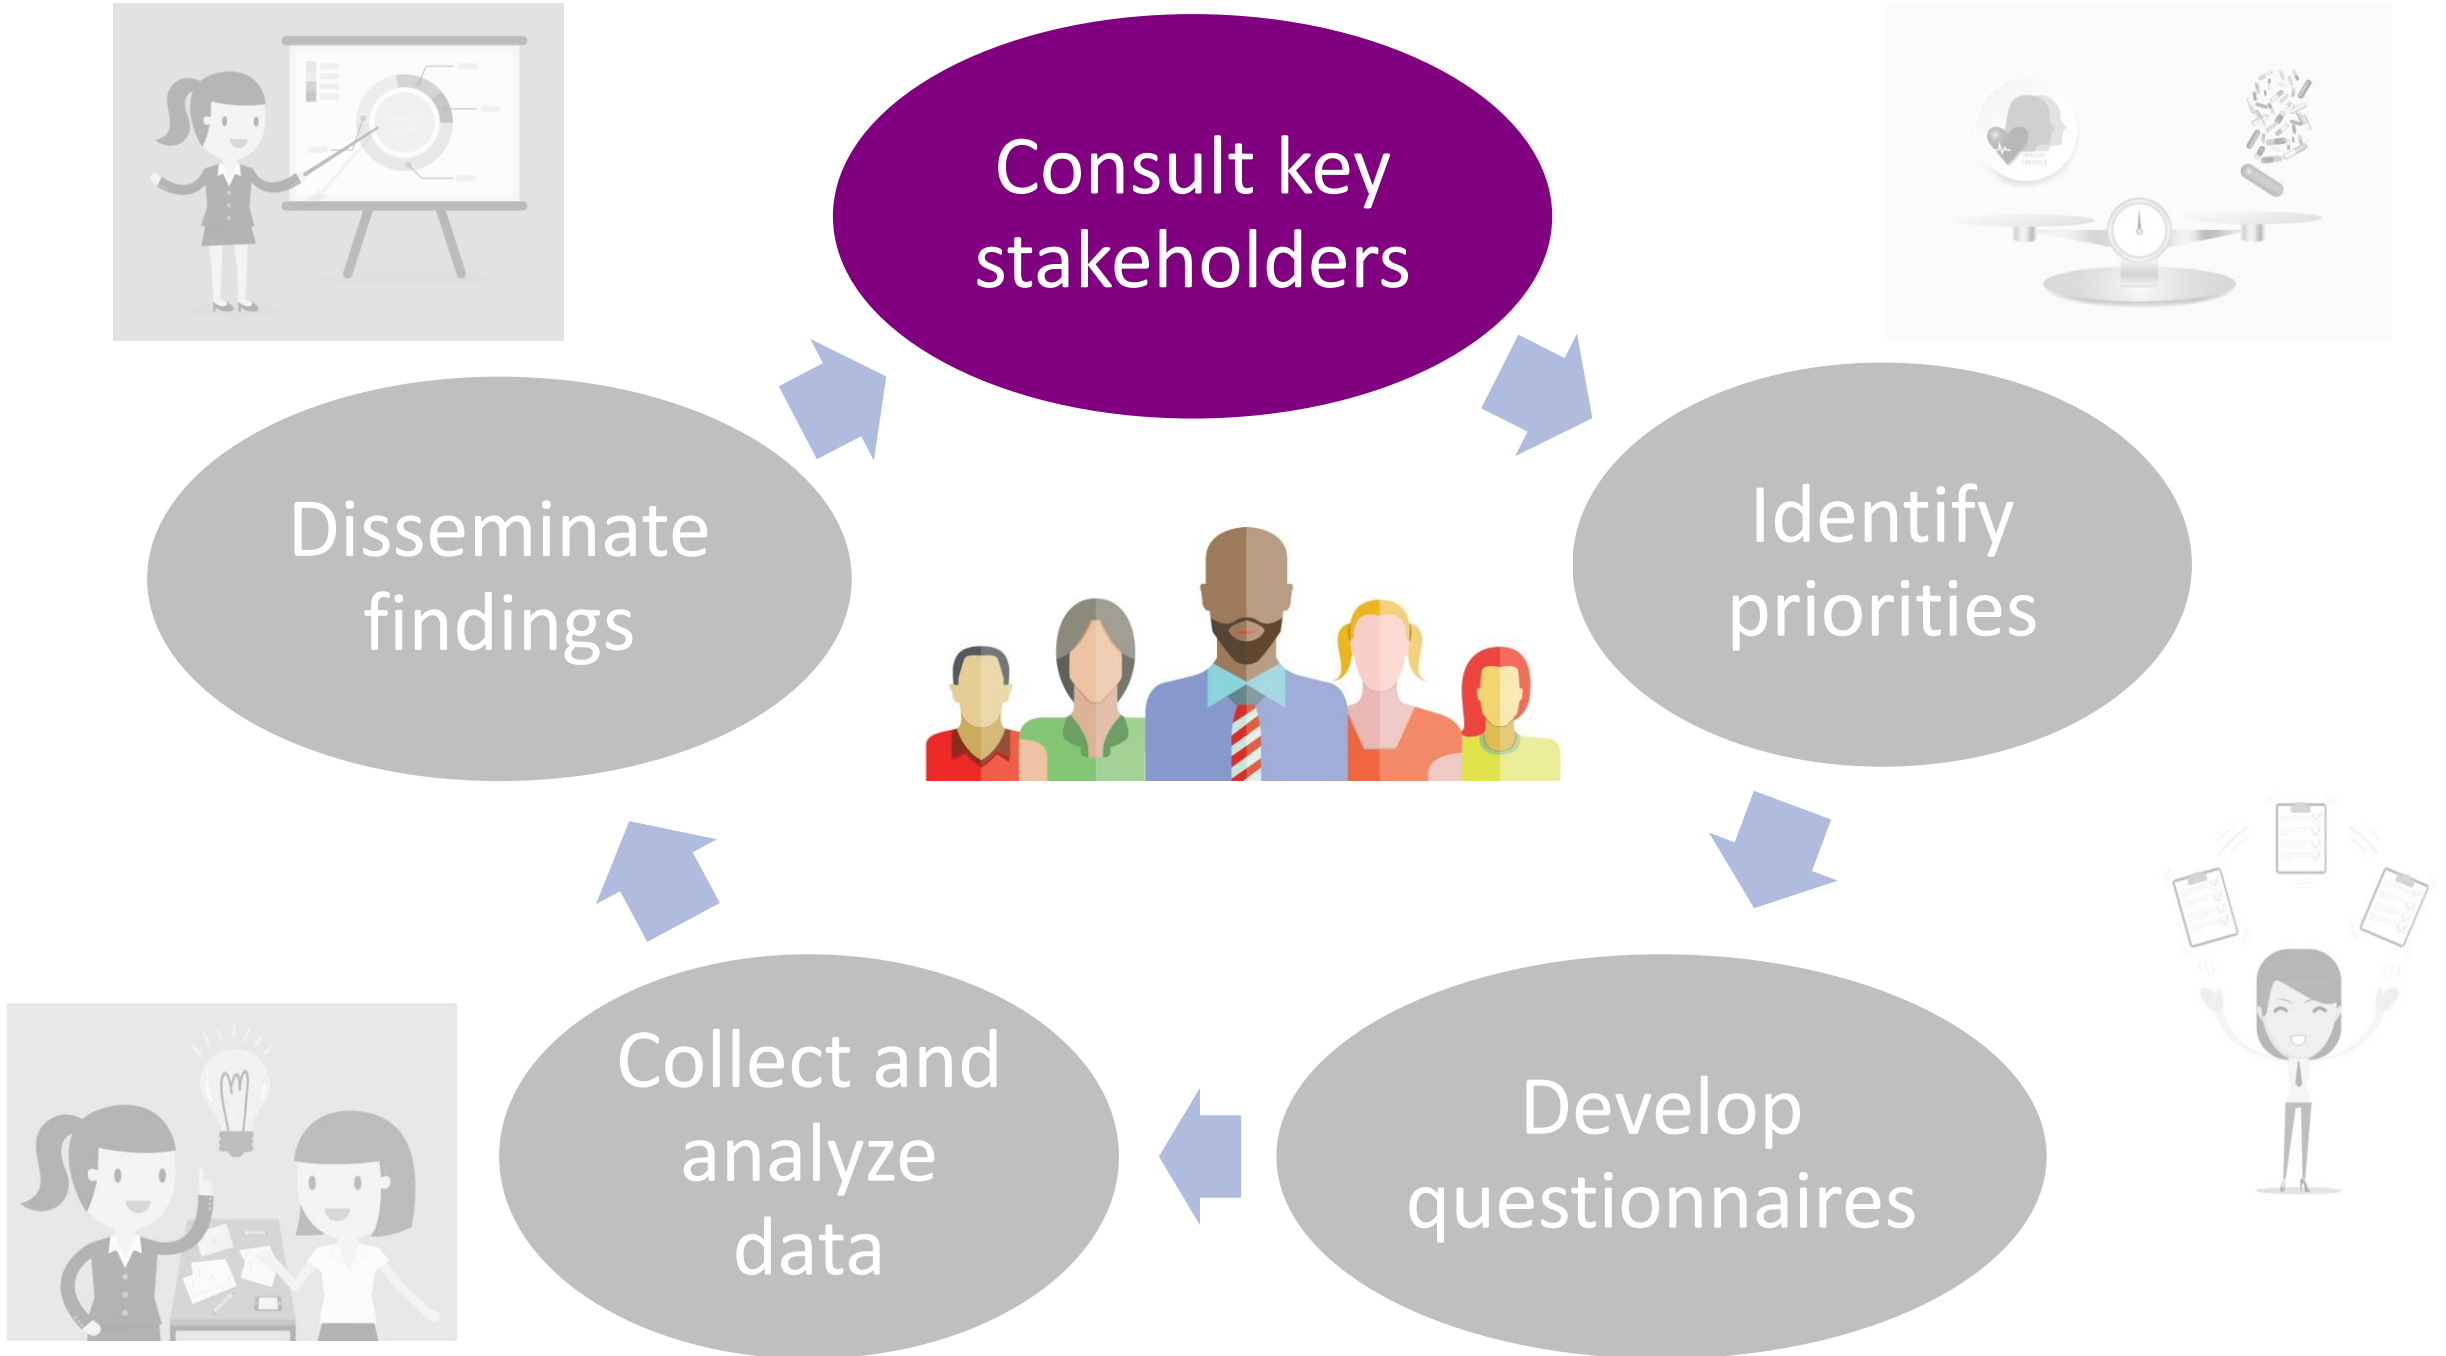

Identify priorities

Collect and analyze data

Develop questionnaires

# Consultation process

Goal: Consult with community, clinical, and government stakeholders on priority topics and questionnaire content to inform the 12-year follow-up

Alberta Children's Hospital

UNIVERSITY OF  
CALGARY

Boys & Girls Clubs Big Brothers Big Sisters  
of Edmonton & Area

# What we heard

## – Community Groups & Experts

Access to  
mental health  
services

Parents will not be  
able to **report  
accurately** on  
certain teen  
behaviour

Screen time and  
physical activity  
->hard to measure

Family functioning

# Teen consultations

Goal: Engage 12-year old adolescents to determine priority topics and their preferences for method of questionnaire delivery and participation incentives

# What we heard

- What is important to youth

# What we heard – Teens

Privacy

Best ways to  
get teens to  
participate

How to ask  
about  
sensitive  
topics

# Thank you
