Women's Centre of Calgary

Women empowering communities, communities empowering women.

The Women's Centre of Calgary is one of the few women's resource centres in the province of Alberta. In 2024, over 6,300 women and girls walked through our doors. Beyond basic needs support, dedicated Women's Centre staff and volunteers empower women and girls with the skills, networks and community that they need to thrive.

Work for Change

Drop-In Space

The Centre provides an empathetic space where women are able to access:

- Technology
- Peer Support
- Community resources
- Basic needs items

Programs

The Centre offers several free, low-barrier programs for women and girls. These include:

- Legal and Financial Clinics
- Girls Programs
- Agency Referrals
- Social Change Programs

Workshops

Women have access to a variety of free, in-person and online workshops to foster connections, creativity, and learning.

In 2024, the Centre hosted 284 workshops with more than 4300 participants.
